Divine Life School

10th SSC (GSEB)

Ahmedabad, India

Grad. March 2018 — Percentile: 95.84

EXPERIENCE

Tata Consultancy Services (TCS)

Assistant System Engineer

Ahmedabad, India

Sep 2024 - Present

- Developing and maintaining a **pharma client website** using **React.js**, **Node.js**, and **AWS**.
- Building and optimizing **scalable frontend components** to enhance user experience and performance.
- Implementing **RESTful APIs** and integrating third-party services for seamless functionality.
- Collaborating with cross-functional teams to deliver high-quality, production-ready features.
- Following **Agile methodologies**, participating in sprint planning, and managing tasks efficiently.

FXIS.AI

Full Stack Intern

Ahmedabad, India

June 2024 - Sep 2024

- Developed and maintained full-stack web applications using **React.js** and **Node.js**.
- Built responsive UI components and improved user experience through optimized design.
- Collaborated with cross-functional teams to meet project goals and deadlines efficiently.
- Participated in code reviews and followed best practices for clean, maintainable code and documentation.
- Created a chatbot for a live project using **Material UI** and **Tailwind CSS** with a **ReactJS** frontend.
- Explored **Django** and **Django Rest Framework (DRF)** to strengthen backend development skills.

Inara Consultancy Service LLP

Intern, Software Engineer

Ahmedabad, India

Jan 2024 - May 2024

- Developed web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
- Assisted in the design and implementation of front-end and back-end components.
- Collaborated with team members to deliver high-quality software solutions.
- Gained hands-on experience in full-stack development practices and methodologies.

PROJECTS

FoodHub | ReactJS, Redux, CSS, Firebase, Swiggy API

- Developed a food ordering web application that fetches real-time restaurant data using the **Swiggy API**.
- Implemented state management using **Redux** for efficient handling of cart, user authentication, and API data.
- Designed a responsive UI using **CSS** for a seamless experience across devices.
- Optimized API calls and implemented Shimmer UI for improved user experience.
- **GitHub:** [Link](#)

Sparxio-Web-Parking Solution | ReactJS, Node.js, PostgreSQL, Prisma-ORM

- Developed frontend components using React for adding and editing floors in a parking management system.
- Implemented backend functionalities using Node.js, PostgreSQL, and Prisma for CRUD operations.
- Integrated notification functionality using Firebase and OTP verification with Twilio.
- Integrated Stripe payment gateway for secure payment processing.

TECHNICAL SKILLS

Programming Languages and CourseWork : Java, JavaScript, Python, SQL, DBMS, CN, HTML
Framework and Technologies: React.Js, Node.js(Basic)
